## **A GAP IN THE JUSTICE SYSTEM**

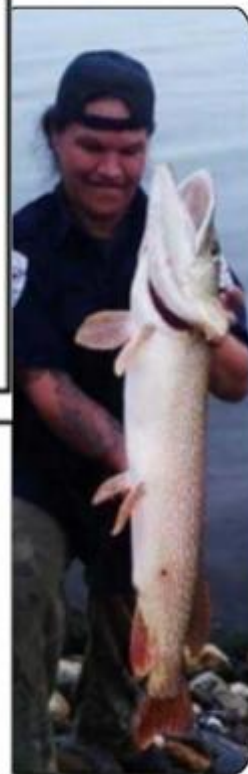

*Everyday, there are thousands of people like **Manie Daniels** who experience a total lack of social supports and resources in the provincial correctional systems, who are later released to the community with an untreated substance use disorder ... this poses a significant barrier to the individual's successful reintegration to society.*

**Unfortunately for Manie, shortly after release he lost his battle to the disease of addiction.**

## **...BUT WE HAVE THE SOLUTION!**

It is our purpose to provide **accessible** addiction treatment to presentenced individuals who are facing incarceration due to actions influenced by addiction. Through evidence-based treatment, compassionate care, and ongoing support, we aim to equip our clients with the tools and skills necessary to achieve successful reintegration into society. We **bridge the gap** and provide the opportunity for recovery from addiction while reducing criminal behavior.

**...REMEMBERING MANIE.**

**DOUBLE  
YOUR  
IMPACT!**

Every dollar donated will be matched by The Tilling Foundation up to \$10,000!

**FREE BBQ hosted by Kellson's Condiments | Live Music by ALTURNA - Classic Rock Hits**
